

The Cabinet of Ministers of Ukraine has approved the procedure for monitoring the drug and alcohol situation in Ukraine as well as a list of subjects who will be tasked with monitoring the situation and providing information/data on the state of processes and phenomena in the field of psychoactive substance circulation for further analysis.

The decision was reached by the government seeking to put in place a state-level drug and alcohol monitoring mechanism. Anti-drug trafficking and illicit use of narcotics and psychotropic substances, therapy, rehabilitation and re-socialization of people who are addicted will all benefit from this mechanism.
